Take advantage of the 
Decarbonisation Grant

Worth up to **£3,000**

Your business can save
in more ways than one... ►

 **BUSINESS**
DONCASTER

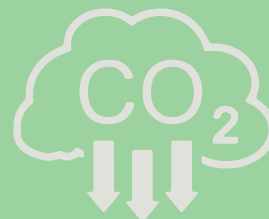

Save on energy costs and help save the planet

Benefit your business with the Decarbonisation Grant

Decarbonising Doncaster grant is there to assist Doncaster businesses reach Net Zero. Any SME business can apply for this **grant worth up to a maximum of £3,000** and can use it to develop decarbonisation initiatives that will help your business become “greener” and ultimately a more environmentally aware organisation.

Applications close 30 September 2022

The grant funding can cover many ‘green’ initiatives specifically tailored to your business’ needs.

Here are just some examples:

- Environmental audit
- Building energy audit
- Electric charge point installation
- Purchase of an alternative fuel vehicle
- Efficient lighting solutions
- Improved access point system (new doors/shutters etc.)
- Alternative fuel source for buildings (solar panels/wind turbines etc.)
- Improving insulation.

To discuss and apply for this grant please call Business Doncaster on **01302 735555** or email: info@businessdoncaster.com
