

Our Key Developments

Doncaster is progressing multiple multi million pound development schemes, many of which are already underway or in the pipeline.

These major projects span advanced manufacturing, logistics, high quality office development, urban regeneration and international connectivity.

Unlock Your Investment Potential

DONCASTER THE BEST PLACE TO DO BUSINESS

Doncaster is a key part of the South Yorkshire **Investment Zone (IZ)**, offering a series of key "Opportunity Sites" already backed by planning permissions and strong transport connectivity. Businesses locating within our Investment Zone sites benefit from a flexible package of support, including financial incentives.

A City of Ambition and Opportunity

A Thriving Location for Growth

Doncaster offers one of the UK's strongest investment environments, backed by a track record of delivering major, world class development projects that have transformed the city.

The region continues to attract significant interest from investors thanks to its strategic connectivity, strong business ecosystem and ambitious vision for the future.

Dedicated Support for Developers and Investors

Business Doncaster works closely with City of Doncaster Council, South Yorkshire Mayoral Combined Authority, Doncaster Chamber and central Government to:

- Attract new investment
- Support business growth
- Encourage and enable development across the city

Tailored business support and customised incentive packages are available.

A City with Vision

Our aspirations are high, and the opportunities are vast with a commitment to continued regeneration, major infrastructure upgrades and investment schemes along with the development of sustainable communities that meet the needs of future generations.

Doncaster's long term ambition is clear: to be a **thriving place to invest, work, live and visit.**

1. GatewayEast

A major growth zone strategically located near to the soon to reopen Doncaster Sheffield Airport. It is the largest development site in South Yorkshire offering exceptional connectivity and attractive opportunities for major employment uses, inward investment, housing, retail and leisure.

2. City Centre Regeneration

Doncaster's City Centre is undergoing transformational change, creating mixed-use regeneration projects, new public spaces, cultural destinations, residential neighbourhoods and business hubs to support a modern and vibrant urban core.

3. Unity Yorkshire

A large scale mixed use development site including major employment space, new homes, leisure, retail and transport infrastructure with exciting opportunities for logistics and manufacturing growth. This scheme already has significant available employment land with planning permission.

4. Doncaster North

A large scale commercial development site with excellent transport links, well suited for logistics and industrial uses. Employment land with planning consent intended to support the growth of industrial supply chains and advanced manufacturing activity.

5. iPort Doncaster

One of the UK's most advanced multimodal logistics hubs, offering high quality industrial facilities supported by rail freight integration, making it a prime location for distribution and supply chain investment.
