What's the next step?

- It's essential that everyone in our community has the chance to:
- find out what our plans contain
- comment on those plans
- help shape our local airport for the future.

That's why we're holding a 'public consultation' from 21 March to 16 May 2018, to share information and gather people's views.

See the masterplan To view the whole airport masterplan online, visit <u>flydsa.co.uk/masterplan</u>

Come to a drop-in We're running a series of public drop-in sessions: see the plans, ask questions, and tell us what you think.

The venues, dates and times are all at <u>flydsa.co.uk/masterplan</u>

Comment online

Our simple online survey will ask you 8 multiple-choice questions, and there's also room for you to add your comments: <u>flydsa.co.uk/masterplan</u>

Comment by email We welcome your views and questions at <u>masterplan@flydsa.co.uk</u>

Masterplan 2018–2037

Find out what our plans involve and help shape your local airport...

Officially the UK's best small airport

PEEL

Doncaster Sheffield Robin Airport Hood

Doncaster Sheffield Airport – where are we today?

DSA is officially the UK's best small airport – but we want to be bigger, with more routes, moving more goods around the globe, and create even more jobs and opportunity for the local community.

We've big plans to do this over the next 20 years, but to make them a reality, we need your support.

We've come a long way since opening in 2005, now flying to 54 destinations, doubling passengers per year over the last 3 years to 1.3 million and providing nearly 1,000 jobs.

We've invested over £200 million in the airport so far, a further £12 million in the Great Yorkshire Way link road and will continue to invest in DSA's future.

Creating a better place to live, work, shop and travel

Opening up new destinations

We want DSA to be an international gateway, with more flights to more exciting new destinations in Europe and far-away places.

The more you use the airport, the better the case we can make for more.

City breaks, exotic holidays and business trips will be so much easier by flying locally.

A bigger and better terminal

Doubling the size of our terminal will create more check-in desks, security and immigration areas, making departures faster for everyone.

You'll enjoy free Wi-Fi throughout, plus fantastic new shops, bars and restaurants.

New facilities for local residents

An exciting hotel, retail, dining and leisure complex is planned for the airport site to meet the needs of residents and a growing airport community.

A new employment centre

The masterplan will see the development of the full 2.5 square mile airport site for aviation-related industries, advanced manufacturing and logistics.

It will bring new investment and well paid jobs to our area.

Creating a cargo hub

We want DSA to be the UK's next national centre for air freight.

This will keep vital imports and exports moving, attracting more investment to our area.

New homes, jobs and skills

The masterplan expects to build up to 3,000 new homes, and create up to 13,000 new jobs on site.

New training and education opportunities will bring new skills to local people of all ages.
